

Dynamic Scan

ILED-SC10

NEW
PRODUCT

The Dynamic scan is an innovative scanner with an extraordinary optical system with great power efficiency and performance.

- Fitted with a high power LED.
- 5 DMX channels, pan, tilt, gobo, strobe, dimmer
- Gobo/Color wheel with 8 Gobos plus open; 6 x one-color + 1 bi-color + 1 tri-color + white
- Smooth 0-100% dimming and variable strobe speeds
- 3 operational modes: DMX, Master/Slave, Sound Active
- Great inbuilt programs under Master/Slave operation triggered by music
- No heat, low power consumption, no duty cycle, runs all night

Power Consumption: 31W

LED: 1 x 10W - 50,000hrs rated

Beam Angle: 14°

Dimensions: 333 x 156 x 177mm

Weight: 3.0 Kgs
