

Sports/Aerobic  
Head-worn microphone  
Speech

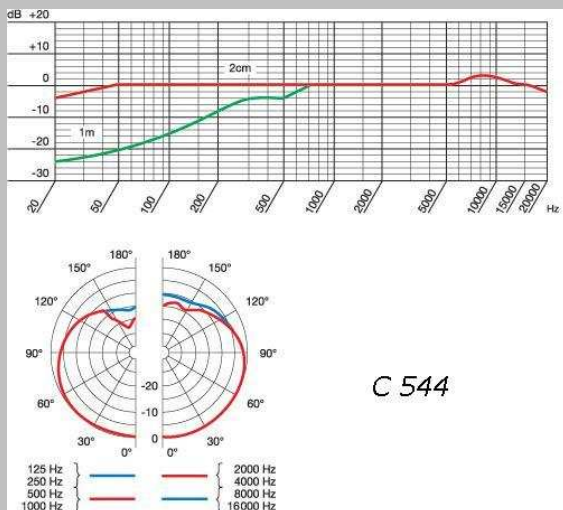

- Ergonomically optimized behind-the-neck headband
- Moisture shield
- External shock mount for high mechanical-noise rejection

# C 544 L

The new C 544 head-worn microphone from AKG is rugged, extremely easy to use, and offers outstanding price/performance. Resting securely and comfortably on the head, the C 544 is the ideal microphone for any handsfree application including gymnastics instruction, presentations, or onstage performances.

With its new cheek pads, the C 544 will stay in place even if you turn your head abruptly, and a capsule shock mount reduces handling noise to a minimum. A frequency response rise at 10 kHz and rolloff below 800 Hz ensure optimum audio and intelligibility even in noisy environments. The new moisture shield that prevents sweat from penetrating into the transducer and other design features provide optimum protection from moisture. A helpful drop ring at the lower end of the gooseneck avoids that water and sweat reach the capsule. 4 additional drop rings are included in this new package.

C 544

ACCESSORIES		→ B 18 Battery power supply
ACCESSORIES		→ B 29 L Battery operated phantom power supply and mixer for one or two microphones
ACCESSORIES		→ MPA V L Phantom power adapter

<b>Polar pattern</b>	cardioid
<b>Frequency range</b>	20 to 20,000 Hz
<b>Sensitivity</b>	40 mV/Pa (-28 dBV)
<b>Max. SPL</b>	(k=1%) 126 dB
<b>Equivalent noise level</b>	22 dB-A
<b>Signal/noise ratio (A-weighted)</b>	72 dB
<b>Impedance</b>	200 ohms
<b>Recommended load impedance</b>	>2000 ohms
<b>Supply voltage</b>	1-10 V
<b>Powering</b>	<2 mA
<b>Connector</b>	C 544 L: 3-pin mini XLR
<b>Cable</b>	1.5 m (5 ft.)
<b>Finish</b>	matte black
<b>Dimensions</b>	145 x 110 x 70 mm / 5.7 x 4.3 x 2.8 in.
<b>Net weight</b>	C 544 L: 30 g / 1.1 oz.
<b>Shipping weight</b>	C 544 L: 200 g / 7.1 oz.
